We believe that our web hosting service is the best in New Zealand. Here's why it's so good:

You can update your own site. Our System allows you to instantly update your website without any web knowledge saving you hundreds of dollars.

Speed and Professional Service We handle all the technical details for you.

Less stress, and you have the peace of mind that experts are launching your new website.

You get leading-edge technology that sets you apart from your competitors.

Webmail If you're away from the office you can easily access your email from any web browser allowing you to keep in touch with customers and friends.

20 real email accounts Up to 20 people in your organization can have their own email address.

Your company also looks more professional when all your staff use your company email addresses.

Unlimited email aliases Allows email sent to names such as info@yoursite.co.nz or support@yoursite.co.nz to go to the mailbox of one person.

Staff can easily filter their personal email from their business email. Smaller companies can look larger and more professional by using multiple email addresses. 100MB of web space allows you to add more content to your website and also keep more emails in your mailbox.

It allows you to expand and provide better content such as movies, documents, audio, animation, PDFs, etc.

Admin Control Panel When a new staff member starts you can quickly add an email account for them. If a staff member forgets their password you can create a new one for them.

Prompt informed technical support We usually solve your problem instantly or provide you with valuable informed information.

Terrestrial Web Cluster Your website is stored on our NZ and US servers which means you always have a backup.
